RE: NHTCA Annual Audit

Dear Kathleen,

The members of the Finance Committee met on August 27, 2014 to examine the Association's financial records. We have found all entries made by the Association's Treasurer to be in exceptional order. All records were found to be organized and accurate. Joyce McGee continues to perform an excellent job as our Treasurer.

Due to the efforts of the Executive Board, the Association's accounts are currently maintaining a healthy financial status. With this status in place, the Finance Committee would like to recommend the Executive Board review the needs of the Association and proceed with any purchases or enhancements deemed reasonable by the board members. We would also suggest a review and possible reduction in the registration fee for the Spring Workshops and to consider adding funds to the New Collector's Scholarship account since there is currently no source of funding in place.

The Finance Committee would like to recognize the efforts of the Executive Board in meeting the needs of the Association while offering exceptional financial management.

Please feel free to contact the Finance Committee with any questions you may have.

Respectfully Submitted,

Kellie J. Skehan
