RE: NHTCA Annual Audit

Dear Min:

The members of the Finance Committee met on September 6, 2018 to examine the Association's financial records. We have found all entries made by the Association's Treasurer to be in exceptional order. All records were found to be organized and accurate. Joyce McGee continues to perform an excellent job as our Treasurer

Due to the financial management of the Executive Board over the past several years, the Association's accounts were able to absorb an unexpected legal expense needed to maintain the integrity of the tax deed process, as well as some added expenses for the upcoming Annual NHTCA Conference and celebration of the 80th Anniversary of our Association. In spite of these added expenses, the Association accounts continue to maintain a healthy financial status. We recommend the Executive Board continue to maintain the current financial status for the upcoming year.

The Finance Committee would, once again, like to recognize the Executive Board for their continuing efforts to meet the needs of the Association while offering exceptional financial management.

Respectfully Submitted,
